

Project: Union of Agricultural Work Committees

UAWC has extensive experience working with the agricultural sector in Gaza and has worked on delivering a number of agricultural projects with a range of donors. It has a wide network of offices in Gaza, and has a dedicated research center. Given its technical expertise and its networks, it is well-positioned to also support the design of intervention strategies in Gaza and through developing market- and investment-readiness of cooperatives and producer organizations.

Actor: UNION OF AGRICULTURAL WORK COMMITTEE

The Union of Agricultural Work Committees (UAWC) is a non-profit organization that was established in 1986 to improve the performance and professionalism of Palestinian farmers during the Israel-Palestinian conflict. The Union also aims to help Palestinian farmers market their produce and provides agricultural employment opportunities through a framework of cooperation with domestic, Arab, and international agricultural development institutions. The UAWC was established in Jerusalem; and founded by a group of volunteer agronomists and development workers it is one of the oldest non-governmental Palestinian organizations. In the year 1993, UAWC developed its organizational structure, consisting of a general assembly, board of trustees, general director, and two executive directors; in the West Bank and in Gaza Strip. UAWC initially focused on forming Agricultural Cooperatives and Committees in the different Palestinian rural areas of the West Bank and Gaza
